Abstract Submission Guidelines

Reports, Policy Analysis, Commentaries

- Length: 350 words
- Keywords: select 3 – 10 words that describe the document
- Sections: Background, Main Text, Conclusions
- Background
    - Explain the current field and what is known so far
    - Introduce your report and what it tackles
- Main Text
    - The salient points from the report
    - What novel information have you found?
- Conclusions
    - Summarise
    - Three concluding remarks from the work

Literature Reviews, Systematic Reviews and Primary Research

- Length: 350 words
- Keywords: select 3 – 10 words that describe the document
- Sections: Introduction, Methods, Results, Conclusions
- Introduction
    - 100 words
    - Why are you doing the work?
- Methods:
    - 75 words
    - Description of the methods used to collect data
        - For reviews, this includes the search terms
        - For primary research, this involves any questionnaires, software, or datasets used.
- Results:
    - 75 words
    - The numerical and initial outcomes of the work
        - Include relevant statistical information (e.g. p-vales, odds ratios etc.)
    - Do not include any implications or inferences of the data
- Conclusions
    - 100 words
    - Summary of the result findings
    - What have you added to the field with this work?
